

Professional Toilet Cleaner

This product is suitable for:

- Effective cleaning of toilet bowls and urinals.
- Removing limescale.
- Septic tanks.
- Killing 99.999% of bacteria and is EN1276 compliant.

HOW TO USE:

Remove cap by squeezing pads on either side and unscrew.

Direct carefully around the bowl and under the rim.

Leave for at least 2 hours or overnight IF there is a build up of limescale.

Flush before using the toilet.

Replace cap tightly after use.

Use only in the toilet bowl and do NOT use on stainless steel.

Wipe up any accidental spillage immediately.
