

## Specially Formulated Thick Bleach

This fragranced product is suitable for:

- Use in all washroom areas and in septic tanks.
- Neutralising odours and has greater clinging power to increase surface contact time.
- Deterring limescale.
- Killing germs, e.g. MRSA, clostridium difficile, e-coli, salmonella and listeria.

### **HOW TO USE:**

To remove cap place bottle on a firm, flat surface and press down cap and hold whilst screwing anti-clockwise.

For sinks and drains pour down waste pipe and rinse thoroughly after 2-3 minutes.

For toilets use 750ml product variant and direct bleach around toilet bowl last thing at night to keep clean and germ free.

To bleach Whites, dilute 50ml of bleach in one bucket (10 litres) of cold water before adding clothes. Soak for a short time, then rinse thoroughly. Use half strength if soaking overnight.

To replace cap place bottle on a firm, flat surface and turn clockwise until a click is heard.

Wipe up any spillage immediately and rinse thoroughly with clean water.
