

Concentrated General Purpose Surface Cleaner

This lemon fragranced product is suitable for:

- Cleaning of floors, walls, and surfaces.
- Cleaning of dispensers and general hospital equipment in wards, washrooms and sanitary areas.
- Surfaces requiring a superb shine.
- Damp dusting, mopping and spot cleaning.

HOW TO USE:

For floors, walls, paintwork, spot cleaning and general hospital equipment, dilute 50ml per litre of warm water.

For cleaning dispensers and the like or damp dusting, dilute 25ml per litre of warm water.

This product can be used in trigger sprays so long as all bottles are clearly labelled.

Always test first on an inconspicuous area.

Do NOT use on carpets, soft furnishings, or polished furniture.

Mop up any spills immediately.

Avoid prolonged soaking of wallpaper, plastic, painted surfaces or aluminium.
